LAKE REGION ENTERTAINS THROGS OF HOLIDAY GUESTS; PRIVATE HOMES OPENED TO VACATIONISTS

Resorts, Beaches, Hotels And Dance Pavilions Are Crowded

A crowd which began to arrive Friday afternoon thronged Antioch and the Lake region this week end to celebrate the double holiday of Sunday and July 4th.

In spite of the fact that Wisconsin highway 83 is closed and all of the through traffic to the Wisconsin lake region which formerly came by way of Antioch is temporarily going over different routes, the highways leading in and out of Antioch were crowded. A steady stream of cars passed up and down Main street and gave it the appearance of a city thoroughfare.

Summer resorts at all of the surrounding lakes were filled to capacity continuously from Friday until Monday night, and many were forced to turn people away as early as Friday night. Antioch citizens and farmers in the vicinity of the lakes opened their homes to visitors.

The many tourists camps around the lakes were filled with campers and picnickers, and bathing beaches, golf courses, both public and private, recreation beaches and all of the amusement parks of the region report a record business.

At the Channel Lake Pavilion and the Antioch Palace capacity crowds of dancers were entertained, and roads leading to and from each of these amusement centers were blocked for a considerable distance both Saturday and Sunday night.

Accidents were few, considering the number of automobiles that passed in and out of the lake region in the three day interval, and were mostly of a minor nature.

The Antioch Air Port was the scene for throngs of people during the entire period. Lt. Ramsey made several special trips with travelers and many people enjoyed the opportunity to see the lake region from vantage point of Lt. Ramsey's big new Curtiss biplane.

It was estimated that a million people left Chicago for the north and northwest and, as usual, Antioch and vicinity got more than her share of the pleasure seekers. Correspondingly it was estimated that visitors to Chicago over the holidays numbered near enough the million mark to fill the places left by the throngs of people who vacationed outside of the city.

Chicagoan Has Car Stolen at Channel Lake

Dan Doyle, a Chicagoan, and a summer resident of Antioch reported the loss of a Ford touring car to the police Monday evening. According to Doyle's statement, the car was stolen from the Channel Lake Pavilion parking place. It had a home made canvas top with a window at one side and carried an Illinois license plate. To date Doyle has not received the car.

LADIES GUILD ANNOUNCE MEETING

The Ladies Guild of St. Ignatius will meet at the home of Mrs. C. K. Anderson on Lake Catherine Wednesday, July 13.

The ladies are busy preparing for their midsummer bazaar to be held in August. Anybody interested is urged to come and bring thimble and needle.

LADIES GUILD HOLDS MEETING

The Ladies Guild of St. Ignatius Episcopal church met at the home of Mrs. James Stearns Wednesday afternoon.

Robert Murrie, of Alton, Illinois, and R. L. Mitchell, news editor of the Times Record, also of Alton, were guests Sunday of Mr. and Mrs. S. Boyer Nelson and family.

Farm Bureau Will Picnic At Diamond Lake

The annual farm bureau picnic is to be held at Diamond Lake on Wednesday, July 13th. Sam Thompson, president of the American Farm Bureau Federation, will be the speaker of the occasion.

The committee have scheduled a lot of interesting and varied contests. Beginning at 10 o'clock in the morning there is to be a car parking contest for both men and women. Prizes for men will be \$5.00 and \$2.00 with similar awards for the ladies. At 1:00 o'clock p. m. there is to be an Old Fiddler's contest. Tommie Vandurand of W. L. S. will conduct it and prizes of \$10.00 and \$5.00 will be offered.

Flag Calling, Chicken Calling, and an Essay Contest will also be featured.

There is to be a baseball game in the afternoon between the Libertyville and Allendale aggregations. Clowns will be present in numbers for the amusement of the children and grownups and the Allendale band will furnish music. At night there are to be fireworks and old and new time dances.

The Farm Bureau extends the invitation to everyone to be present, and offers everything at the picnic free with the exception of the dancing in the evening.

Graduation Exercises Held at Allendale

At the commencement exercises held at Allendale Farm, Lake Villa, Saturday afternoon, June 25th, nine boys were graduated after completing the Allendale course.

Two services were held. The first which consisted of the class exercises, was held on the chapel terrace. The Salutatory was given by Wallace Hughes, the Valedictory by Robert Dalton, and the class were addressed by the Rev. Norman Barr.

At Evensong Service held in the Marian Farwell Memorial Chapel the class was addressed by Mr. S. J. Duncan-Clark, and a program of religious and classical music was given.

The members of the class are: Robert Francis Dalton, Thomas Alexander Edgar, David Eric Hamilton, William Wallace Hughes, Robt. Alonzo Hutchings, Robert Foulger Johnson, George Kee, Richard James O'Connor, Charles Villinek.

WISCONSIN PAVING UNIT NEARLY DONE

Cement to be Poured This Week
on Highway No. 83—Open
by Labor Day

Another paving operation of great interest to Antioch people reached the last stage this week when cement pouring began on Wisconsin highway 83, the four mile stretch from Brass Ball corners south to the pavement on Illinois 21. Cement pouring was begun Wednesday at Liberty Corners. Contractors expect to complete the work by Labor Day.

After its completion and opening to traffic this stretch of highway will form the connecting link between two very important roads, Illinois 21 and Wisconsin 50. It will relieve what has been known as the bottled traffic conditions in the lake region. Lacking this outlet, visitors to the region have been forced, in returning home, to double back on the same route by which they had come. With the finishing of 83 and recent opening of Highway 50 from Kenosha to Brass Ball corners and west to the Walworth county line, tourists will be enabled to make the circle, choosing Illinois 21 and Wisconsin 83 for the westerly route and thence by Wisconsin 50 to the east route along Sheridan road or to the newly opened Green Day highway.

Hadlick is Freed of Bootlegging Charge

Kurt Hadlick of Highwood, recently arraigned before County Judge Perry L. Persons, on a charge of transporting intoxicating liquor was found not guilty of the charge. The jury deliberated over the verdict several hours.

Hadlick's arrest grew out of an automobile accident in which he crashed into the car of R. C. Abt of this place. He was charged with having liquor in his car at the time of the crash. Hadlick admitted that he did have the liquor in the machine and attempted to hide the suitcase in which it was contained but claimed that he picked up the two men, who were with him that they were strangers to him, and that he did not know what the suitcases which he carried contained.

R. C. Abt, however, testified that Hadlick told him at the Antioch police station that he owned the liquor and urged him not to arrest the two other two men as they had no knowledge of the liquor being in the Hadlick machine.

Dan Harris Purchases Main Street Property

Daniel Harris of the Harris Restaurant has recently purchased the building on Main street owned by Mrs. Oldeon Thayer, formerly occupied by Hillebrand & Shultis. He will probably not occupy the building for the present but contemplates moving his restaurant business into it in the early spring.

FIVE DROWNINGS WEEK'S TOLL AT NEARBY BEACHES

No Victims Claimed by
Lakes in This County
Over the Fourth

While no drownings occurred in Lake county lakes during the holidays just past, three citizens of the county lost their lives in water accidents, and two others were drowned in the nearby Wisconsin lakes.

Milton Kuharske, 16 year old son of Mr. and Mrs. Edward A. Kuharske of Lake Bluff, lost his life while taking an advanced scout test. The boy was floating along on the top of the water in a test which showed his ability to reach a boat and climb into it when suddenly his body went under. Guards for a moment supposed the boy, who was an expert swimmer and diver, had dived under the water purposely but when he did not come up began diving for him at once.

Diving proved unsuccessful and the body was finally recovered the next morning when the mud had settled and it could be seen.

Because the boy was known to have a weak heart and the body disappeared with such rapidity, and when found showed no signs of struggle but the hands were folded over the chest and the facial expression was calm. It was believed by camp authorities that the boy had succumbed to heart failure.

Youth Is Killed While Diving
Fred Newton, 16 year old son of Frank Newton, well known English side resident, was drowned Saturday in the Tishwaukee river at Rockford, Ill., as several of his friends looked on when he struck his head on submerged piling while diving from a high spring board.

Young Newton never came to the surface after making his fatal dive. Friends of the youth began search, diving for the body for over an hour but without success. It was recovered some time later with aid of grappling hooks.

Drowns in Griswold Lake
Clarence Wessler, 22, of 3105 Robey street, Chicago, was drowned at Griswold Lake, south of Fox Lake, near the Lake and McHenry county line when he became exhausted while swimming to shore with his sweetheart, and sank beneath the surface of the water after she had made vain attempts to rescue him.

Wessler and the girl had been rowing in the lake and when they got within 300 feet from shore, decided to swim the rest of the way in. The girl is a good swimmer and Wessler was considered a fair swimmer. They were swimming in water about 14 feet deep when Wessler began to gasp and flounder in the water. The girl went to his rescue and grabbed him by the bathing suit in order to keep his head above water. The suit began to slip from her hand and when she let go in order to get a better hold, Wessler sank.

Benjamin Spenser a resident of this vicinity for the past three years was drowned while in bathing at the Bordini pier at Twin Lakes last Thursday evening. Spenser was playing "follow the leader", with a group of young men and either got beyond his depth or suffered from an attack of heart trouble to which he was subject. The body was recovered after an hour and a half by Max Schoor of Twin Lakes and was removed to Kenosha undertaking parlors. The deceased was an orphan and brought up in a home, his sister, Edna, who was adopted by a family at Cameron, Wisconsin, read a newspaper notice of his death and came here on Monday. They had not seen each other for fifteen years. Funeral services with interment were held at Kenosha on Tuesday afternoon. Several of the young men of the community acted as pall bearers and many of his friends from here attended the services.

A second death by drowning occurred on the Barry Council pier at Twin Lakes on Sunday when Lester Bates, a 22 year old boy, a guest

New Lake Street Pavement To Open First Week in Aug.

Contractors working on the new Lake Street pavement began pouring cement on the west section of the street this morning.

With favorable weather conditions they expect to complete the paving in about a week and to have the street open by the first week in August. Improving and grading on Harden and Victoria streets will be completed so that the cement pouring crew can go direct from the Lake street jobs at Victoria and Harden Streets. With favorable weather it is anticipated that these two streets also will be ready for use by the first of September.

M. E. LADIES SET DATE FOR BAZAAR

Big Mid-Summer Festival Will Be
Held on Main Street on
July 28th

The date for the annual Mid-summer bazaar given by the Ladies Aid of the Methodist Episcopal church has been set for Thursday, July 28. It will be held in the store on Main street formerly owned by Hillebrand and Shultis. The use of the building is to be given to the ladies through the courtesy of Daniel Harris who recently purchased the property.

The theme of the decorations will be foliage green. The tea garden, a new feature this year, will carry out this color scheme with green boughs and branches.

The apron booth, as well as the handkerchief booth, will no doubt attract attention. Mrs. Wertz, who is in charge of the booths, promises a very complete assortment of hand sewed quilts which will interest all of the ladies who visit the bazaar. The candy booth and the bakery booth, with their home made delicacies as well as substantial products, will be well supplied.

The children have been invited to visit the special booth for them. Here they will find the "Old Lady with Pockets." She is a friend to every youngster, and last year it was noticed that many an adult found their way to her. Several other surprises await the visitor this year.

Reckless Driving Causes Arrest of Two Motorists

Crowded traffic conditions brought forth two arrests as the result of careless driving and disregard of traffic regulations. Both occurred July 3.

Salvatore Denna of Chicago was arrested the morning of July 3rd for speeding with the cut-out open, and driving without a license, and being unable to pay the fine of \$5.00 and costs imposed by Justice Tarbell spent most of the day in the local jail. Late in the day friends came to his rescue and effected his release on payment of the fine.

W. J. Burnette of Libertyville was arrested Sunday evening on a charge of drunk and disorderly conduct and arraigned before Justice Gelstrup Monday morning where he was fined \$15.00 and costs.

at the Bordini hotel, started in a boat with two girls and a man, friends from Chicago, to row around the lake. Opposite the Barry Council pier Mr. Bates suddenly dived from the boat and it was supposed that he had started to swim to the pier. He never came up and members of the K. of C. Council dived until the body was located about forty-five minutes after the accident. Artificial respiration was applied by the rescuers and a pulmotor secured from Burlington. After three hours the boy was declared dead. The coroner's verdict gave heart failure as the cause of death. The body was removed to the Bordini hotel and later taken to Chicago for burial.

FOUNTAIN PEN CO. PURCHASES SITE ON NORTH AVENUE

C. K. Anderson Will Head
\$100,000 Manufacturing
Corporation

The Corona Pen company, an organization new manufacturing fountain pens at Janesville, Wis., and possessing patents which make their product what is probably the best pen on the market, has been re-organized under the leadership of C. K. Anderson, local financier, and will erect a factory and move the business to Antioch as soon as is possible. The fact of the coming of the company to Antioch was made public at a meeting of the Antioch Business Club held at the Blue Willow lane last Friday evening, when Mr. Anderson, Miss Florence L. Silvertson, Geo. C. Olin and others interested in the company gave the details of the plan to bring to this community a modern factory.

The company, which is known as the Corona Pen company, has been operating in Janesville, Wisconsin. The original company was the possessor of valuable patents which made the Corona pen the best on the market. They were, however, hampered in their production by lack of funds and so interested Mr. Anderson in the concern. He agreed to effect a re-organization incorporating the newly formed company in Illinois with a capital stock of \$100,000 and moving the factory to Antioch.

Factory to be Built at Once
The property formerly owned by Mrs. Ada Overton, north of the Adams Lumber company and fronting on North Avenue, has been purchased for the factory site. Surveyors are at work today and it is anticipated that ground will be broken the last of the week. Work will be rushed and it is expected that the new factory will be completed by early fall.

One unit will be built at present, 50 x 98 feet in dimensions. It will be a modern, fireproof, steel and brick structure, with cement floor and wood factory paving, direct lighting and every convenience. Electric power will be used throughout so that the coming of the factory will bring no dirt or smoke to the community.

The building will not be utilized completely at present but it is expected that the business of the factory soon will be expanded to the capacity of the plant now being erected and additional holdings of land have been acquired so that units may be added as needed. The new plant will employ men and women in about equal numbers. The present unit when completely utilized will carry a payroll of 90 to 100 people.

Reorganization Not Complete
Stockholders in the new concern have been chosen. They are to be

Colemar Country Club Will Be Opened Sunday

The Colemar Country Club are to hold their formal opening at the golf course on the Nippersluk, near Spring Grove next Sunday, July 10. The course is a public fee course developed by Waukegan and Woodstock realtors. The tract of land was originally the Cole estate. It is situated on the Wilmot-McHenry road about five miles from Wilmot and one from Spring Grove.

The Club includes an 18-hole golf course, tennis courts and facilities for bathing and fishing. The Cole home which stood upon the estate has been rebuilt into a modern, completely equipped club house.

Miss Louise Younger of Chicago, Illinois, began work Monday as organizer at the Crystal Theatre. Miss Younger is taking the position held by Miss Frances Teague, who has returned to her home in Chicago.

HELP IS SOUGHT TO GIVE POOR CHILD A CHANCE FOR LIFE

Appeal to Generosity of Citizens in Antioch and Lake Region

Here's the proposition:
The United Charities of Chicago want to place twenty or more children in the homes of the people of Antioch and vicinity for two weeks.

The railroad furnishes free transportation, the society will see that none but healthy children are sent and that they are well-groomed.

These little kiddies have seldom and in some cases never had the pleasure of being out where they could get a breath of good air or feel God's sunshine.

You think this summer has been hot for you. What about these little tots who are housed up in small tenement rooms without a chance to enjoy a good romp like your children? The street is their playground and if they play there careless auto drivers have little care for them.

Here is your opportunity:
Take one or more of these children into your home, have them for your little guests for two weeks. Give them the treat of their lives.

Although born in the city that claims the largest live stock market in the world, many of these tots never saw a real live pig, cow or sheep.

Think what joy a trip to Antioch would bring to their young hearts! Turn them loose on the farm, let them hear the hogs grunt, the cows bellow and the sheep bleat. Give them a horse to ride, milk to drink and plenty of sunshine.

Butter! Of course they will be some. But they are not used to the luxuries of life. They won't expect fried chicken every day. Just good wholesome food.

And you won't miss what they eat. But the good book says something about casting your bread upon the water and about giving a cup of cold water in My name. Isn't this applicable?

If you can and won't help these kiddies, it will be like hollow mockery for you to go to church and sing "Let a Little Sunshine In."

Open your hearts and your homes and the gladness you bring to these unfortunates will more than repay you for what little trouble they may cause you.

Many a noted person has risen from humble heritage, who knows but what one of these children may be among the great men and women of the future? Give them a chance. Will you help?

The Antioch News has been asked to send in the names of all who are willing to entertain one or more of these children. Telephone us your name and then arrangements will be made for their coming.

WILMOT RESIDENT IS LAID TO REST

Mrs. Elizabeth Ann Phillips Dies
After Long Life of Service
to Community

The community was saddened on Sunday by the death of Mrs. Elizabeth Phillips, long a resident of this vicinity. Mrs. Phillips had been ill the past two weeks with a heart attack and died at her home near Camp Lake Sunday afternoon. She was a leader in all community enterprises and maintained her interest in all public affairs to the last.

Elizabeth Ann McDougall was born Feb. 17, 1840, on the Prince Edward Island and died on July 3rd, at the age of 87 years, 4 months and 17 days. On February 7, 1866, she was married to Charles Phillips who preceded her in death. The deceased is survived by three daughters, Mrs. Fanny Pribnow, of Milwaukee, Elizabeth A. Bruel and Flora Westlake of Camp Lake. One sister, Mary Ellen Ganger, of San Jose, California; two brothers, A. McDougall, Osage, Iowa; and David McDougall of San Jose, California; eight grandchildren and six great grandchildren.

Funeral services will be held at the late home of the deceased either Thursday or Friday afternoon with interment in the family plot at the Wilmot cemetery.

St. Ignatius' Church Notes

Episcopal
Kalendar—4th Sunday after Trinity.
9:30 Church School.
10:00 Matins and Sermon.

Next Sunday morning the topic will be, "The Importance and Supernatural Character of Faith." The text St. Matt. 16:13-17. St. Paul said that faith came by hearing.

The ladies are busy preparing for the summer bazaar which has been an affair with St. Ignatius' church for many years. If you would like to help by donation or service or interest phone or see the president of the Ladies' Guild, Mrs. Ernest Simons.

Choir practice every other Wednesday during the summer until September.

The Rev. Dr. J. J. D. Hall, noted preacher and spiritual leader of the Episcopal church and known by thousands of young men and women as "Dad" Hall, will conduct a week's Mission at the church near the end of this month or the first week of August. Dr. Hall has just completed a world tour and a pilgrimage to the Holy Land. He is associate editor of the Southern Churchman, The Witness, and The Evangelical Churchman, as well as the author of several books and contributor to countless religious magazines. He preaches the four square Gospel and believes that Jesus "Christ has the power today to save men from themselves in a spiritual way. If you feel dead religiously and think that it is "the bunk" here is your chance to match your ideas against a giant and to put your questions in the question box. Dr. Hall will have services during the Mission at 10:00 in the morning and 8:00 in the evening.

Methodist Church Notes

The church is happy that so many of the lake visitors avail themselves of the privilege to worship on the sabbath. Last Sunday, the busiest day for all our local people, found a good number out. The congregation was especially favored by the singing of several selections during the period of worship. Homer Tiffany sang, a baritone solo. Miss Della

H. Mann and family, Mrs. E. A. Mann and Miss Josie Mann were Sunday afternoon callers at A. T. Savages.

Frazier Hollenbeck and family spent last Monday with the home folks.

Mrs. Jeannette Wells spent Tuesday with Mrs. H. Grimm. Austin and Mort Savage were Waukegan callers on Tuesday.

Mrs. Beale Eastman of Chicago called on Austin Savage last Friday afternoon.

Mr. and Mrs. Frank Barber were home over the 4th.

Mrs. Paul Protine entertained friends over the week-end.

Curry of Marion, Indiana, a visitor, also helped us beautify the service by her singing. During the summer the adult choir will not sing but Prof. Nielsen, our musical director, has arranged for special solo work each Sunday. Thus the church will be provided each Sunday with special music of some kind. Your attendance at worship will stimulate these folks and aid them in the service they are rendering to our Lord.

The sermon last Sunday was quite favorably commented upon. Said one visitor, "The sermon was most timely, helpful and deeply religious." Rev. Krahls is working on a series of sermons centered around the Lord's Prayer, to be delivered at the morning worship during the month of July.

The Methodist Camp Meeting at Des Plaines will be opened Friday of this week and many will want to take advantage of the opportunity to hear the wonderful array of speakers secured this year. A folder awaits anyone desiring it.

Friends of the church who have visitors who sing will please get in touch with Rev. Krahls that we may arrange for them to help in the service.

Pay By Check---

Checks form a permanent, convenient record of expenditures, and as receipts for the payment of accounts they are difficult to dispute. Every head of a house should have a checking account at a local bank. It will make the proper handling of household finances more convenient, budgeting easier to accomplish, be in incentive to economize and a protection against loss. Let it be one of your 1927 resolutions to start a checking account now.

NEWS OF STATE CAPITAL IN BRIEF

One of the nation's famous trees, equal in historical interest to the Washington Elm and the Charter Oak, has just been marked with a bronze tablet during appropriate ceremonies. It is the large walnut tree on the old Jacksonville hard road at Riddle Hill, west of Springfield, which was used by General Ulysses S. Grant on the morning of July 4, 1861 as a resting place while he wrote his orders in the adjutant's book. He sat upon an unusual limb of the tree which extends horizontally about eight feet from the main trunk, two feet above the ground and rises parallel with the trunk. The event is the culmination of Mrs. William F. Rothenburg's work as regent of the Springfield chapter of the Daughters of the American Revolution. A history of the tree was sent to the National D. A. R. society at Washington, D. C., and the old walnut was catalogued among the few famous trees of America. It is over a century old and in a fine state of preservation, but the limb which is of so much interest is dead. It has been water-proofed by C. T. Steff, city forester, and every possible means used to preserve it.

Evidence equalling in amount 22 average sized books, or 6500 pages, will have to be read in the federal court on the washing machine case of Maytag vs. Meadows.

The new gas tax measure, since it is to go into effect in a month needs to be summarized, as everyone is interested who drives a car or sells the gas for them. In brief, the measure provides that after July 31, 1927, every distributor or motor fuel shall make a monthly return (between the first and twentieth of each month) to the department of finance showing the amount of motor fuel he has "purchased, imported, produced, refined, compounded, manufactured, received, sold, distributed, or used during the preceding calendar month." At the time this return is made, a license tax of two cents for each gallon of motor fuel sold during that month must be paid to the department of finance, less three per cent deduction which allows for evaporation and other loss. The money so received will be deposited in the special road fund in the state treasury, and after deducting administration expense, the department of finance will apportion to the several counties of the state fifty per cent of the net amount collected. Violations of this law are punishable by the revocation of licenses, or by a fine of not less than \$25 nor more than \$500, or by imprisonment in the county jail for not more than six months, or by both fine and imprisonment. It is expected that the new bill will net the state \$15,000,000 annually.

The close of the season of the Midday Luncheon club of Springfield is a reminder of the unusual success the club has had. It has a membership of over 1,000 men in this and other cities of central Illinois. An unusual number of noted speakers and distinguished guests have appeared before the club during the past year.

A report from Quincy indicates that the carlot movement of early cabbage from Adams county reached its crest this week. An agreement between the state department of agriculture and the Quincy Fruit and Vegetable Growers' association provides for state inspection of the crops provided from Adams county truck gardens and orchards. From the early cabbage crop of last year association members realized approximately -20,000.

The American Kennel club has granted a license to the Illinois State Kennel club, Springfield, which promises to be a most important club of its kind in the middle west. Plans are already under way for a dog show to be conducted at the state fair show August 24, 25 and 26. The president of the new club is Dr. A. E. Dickerson; vice president, Walter W. Lindley; secretary-treasurer, Albert J. Baker.

Formal invitations have been issued by Hon. R. E. Helms, community adviser at the University of Illinois, for participation in the art extension committee's annual tour which will consist this year of a motor trip in the Ottawa and Starved Rock section and Rock river valley portion of Illinois. It will extend from July 7 to 12 inclusive.

Beardstown, on route 125, has been awarded to the Hamilton Hoffman company, of Carbondale.

Springfield is to have a \$75,000 dog racing track according to plans completed by representatives of the International Greyhound Association of the World and local men. It is planned to put on thirty days of racing every summer and thirty days in spring. The International association is said to own the best racing dogs in the world, and is the same organization which maintains the East St. Louis track, as well as the tracks in Chicago and other large cities.

Governor Small signed Representative Robert Whiteley's bill which appropriates \$400,000 for the building of a bridge across the Illinois river at Hardin, Calhoun county.

Representative Lyon's bill providing that preference be given to pupils of the University of Illinois on scholarships by representatives was killed in the senate on the ground that its provisions were invalid.

The annual convention of the Illinois Chiropractors association was held in Springfield at the Hotel Abraham Lincoln. Dr. A. Hadden, dean of the National School of Chiropractic at Chicago, gave the opening address on the "Future of Chiropractic in Illinois."

The resignation of Ward B. Whitlock, head of the building and loan division in the state auditor's office, has been announced. He is succeeded by Carl H. Weber, of the banking department. Mr. Whitlock has served in the building and loan department ever since 1905, when James L. McCullough was auditor and he is considered an authority on the subject of the management of building and loan organizations. He will remain in Springfield, devoting his time to the Building association league of Illinois, of which he is the secretary, and will shortly open an office for that organization.

Tourists are warned by Dr. Tuttle, superintendent of health at Springfield, that they must guard against a serious epidemic of typhoid fever if they intend to visit in Montreal, Canada. Ten thousand cases have been reported in that city since March first.

The bill appropriating \$60,000,000,

the remainder of the \$100,000,000 hard road bond issue, by Senator Meents, was approved along with a bill allowing \$400,000 for a bridge at Pekin across the Illinois river.

J. M. Appel, former Springfield man, is now president of the Illinois Bankers' association, elected at the thirty-seventh annual meeting of that body held at Danville. Mr. Appel is president of the Highland Park bank, Highland Park, and of the Broadway National Bank, Chicago.

A new hog barn for the Illinois state fair grounds is assured by the passage in house and senate of the omnibus appropriation bill under a suspension of the rules. The bill carries a total of \$85,000,000, an increase of \$10,000,000 over two years ago.

The new statewide primary act passed the house by a vote of 99 to 1. It provides for the nomination of all state, county, municipal and other officers. Election of precinct committeemen is to take place in Chicago, and downstate by petition. Thirty day precinct residence is required before the primary.

Passage by the lower house of Sen. Earl B. Searcy's bill provides for legislation on the Lake Springfield project. Municipalities may gain complete control of all land necessary for use in connection with water supply plants, according to this bill. Control of lake sanitary conditions would permit condemnation of land surrounding water supply lakes by the city.

The house killed the Starr bill which would have provided a 48-hour week for working women. It was lost by nine votes, 77 being needed for passage. Representative Lottie Holman O'Neill of Downers Grove sponsored the measure, and was backed by Representatives Robert Whiteley, Carlinville; Truman Snell, Carlinville; Henry Meester of Springfield; and Carl Robinson, Jacksonville.

A reduction of thirteen cents a ton on the rate of shipping coal into Jacksonville from the Springfield district has been obtained from the railroads by the Chamber of Commerce of that city.

A senate bill passed by the house provides that women voters may not be compelled to give their age upon registration.

Two Chicago sanitary bills, introduced by Senator Thomas Courtney, of Chicago, passed the house, one providing that district authority regulate and control discharge of factory or industrial waste and the second providing that municipal authorities within the district secure approval of all sewer systems from that district.

The house approved Senator Barr's bill permitting the president of the University of Illinois to hold

The Chicago firemen's pension bill was defeated in the senate, receiving five votes short of a constitutional majority.

A bill is ready for the governor which empowers the city council of Springfield and other cities under 75,000 to pass an ordinance making the mayor and commissioner members of the board of local improvements.

W. R. Kimzey, of Mt. Carmel, recently appointed by Governor Small, superintendent of the division of foods and dairies, Illinois department of agriculture, assumes his office July 1st, according to an announcement made by S. J. Stanard, director of agriculture.

"The division of foods and dairies, one of the most extensive branches of this department," Director Stanard stated, "will find that Kimzey is a capable, conscientious, industrious executive--if we may judge his future efforts by his past performances. He has succeeded as a business man, and in scholastic circles. He is well known and well liked. We, who have known Mr. Kimzey well over many years, are highly pleased with the governor's selection of a successor for our good friend, Judge A. H. Joes. His resignation has brought to a close a long and brilliant career as an official representative of this department."

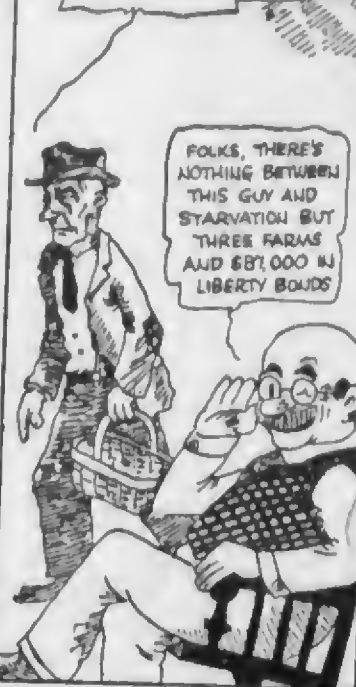

Owners of grain in Illinois may secure negotiable certificates upon compliance with provisions in the Grain Storage Act, passed during the closing days of the 55th General Assembly, and awaiting executive approval. Upon application or upon its own initiative, the department of agriculture if convinced of the advisability of such action, may appoint local boards to function as storage organization, licensed and regulated by the department of agriculture.

The expenses incident to supervision of grain stored in warehouses thus licensed by the state, such as the compensation of the sealer, must be paid from a fund established by the payment, at the time of sealing, an amount not exceeding one cent per bushel of grain stored, by the owner of the grain.

Members of the local supervisory boards, may receive compensation if

LOCAL AGGREGATION DROPS TWO GAMES

Leaders in Lake and Kenosha Co.
Leagues Each Get a Victory
Over Antioch Team

Antioch took a 6 to 1 defeat Sunday at the hands of the West Side A. C., ranking team of the Lake County league. The defeat was due to the fact that local players failed to connect with the pitching of Macklin, who got 20 strikeouts while allowing only 6 hits. Drom, for Antioch, pitched good ball until the 7th when the visitors were able to walk away with 5 earned runs as a result of 3 singles, a triple and a home run by Doyle. Morley finished out the game in good style. Antioch still holds third place in the league.

Locals vs. Marmons
On Monday, July 4th, Antioch lost a sluging match to the Kenosha Marmons with the score at 11 to 6. Lasco with 2 singles, a double and a walk good for 4 runs, led the hitting for the locals and Simpson Sullivan each got 2 hits. Visiting sluggers with Claudon of Kenosha at their head hit the local pitchers, Steininger, Morley and Wilton heavily. The game was a close one up to the 9th inning when the Marmons scored 4 runs.

Testing Times

ON a levee at a bend in the Mississippi a thousand men were building with sand-bags a second-line defense against rising waters which threatened hundreds of miles of fertile cropland. Over a telephone, housed in a wooden box nailed to a tree, an engineer was talking to headquarters—reporting on the progress of the work, asking for reinforcements and additional material, receiving Weather Bureau forecasts which would be vitally important in planning the strategy of this grim battle.

The telephone had been put in service but a few minutes before, after a construction crew had worked from sunrise to sunset, often waist-deep in swamp water.

Such is telephone service in emergency—service in which telephone men and women do very much the same things they do every day, but do them under conditions that give vivid emphasis to the import of their efficiency, devotion, and fidelity to public interests.

BIG CIRCUS COMING TO WAUKEGAN SOON

Clowns and Performing Animals
Are Features of Show Coming
Thursday, July 11

Hagenbeck Wallace Circus, proclaimed as the foremost trained wild animal show of the universe, will shortly be in our midst. Billers have finished their work through this territory and bright and highly colored posters tell of the coming of Hagenbeck-Wallace to Waukegan on July 11.

Many new innovations have been created by Hagenbeck-Wallace for the 1927 tour. "The Gelsa" said to be the greatest musical spectacle ever produced will open the exhibition, while "Blazing Glory" a patriotic presentation will bring the program to a close. Several hundred characters appear in "The Gelsa" and the wardrobe and costuming is said to be the most pretentious of any circus spectacle.

The Hagenbeck standard in trained wild animal numbers has been maintained and such noted subjugators as Clyde Beatty, Capt. Bernard and Bob MacPherson will send their jungle charges through sensational routines in the big steel

arena. In addition to the wild animal groups, there will be displays of domestic beasts. Several groups of Liberty Horses will appear in the rings, while the hippodrome track will be the scene of a Horse Show, second to none. Forty singing girls and forty prancing steeds appear in one display.

Other noted features include the Orcin Davenport Family of Equestrians, the Ward-Kimball Troupe of Flyers and Cheerful Gardner and the original Hagenbeck elephants. Plenty of clowns, to be exact fifty, will work all during the performance, which start promptly at 2 p. m. and 8 p. m. The big double menagerie includes specimens from all portions of the globe, including highly valuable giraffes.

SOCIETY NEWS

Miss Selma Hachmeister And Arthur Trieger Are Married at Grass Lake

The wedding of Miss Selma Mae Hachmeister and Arthur Bernard Trieger took place June 30, 1927, at the home of the groom's parents, Mr. and Mrs. H. A. Trieger at Grass Lake. The ceremony took place in the gardens of the Trieger home.

A color scheme of white combined with the rainbow tints was used. Under the big walnut tree in the garden an arch was built with the many colored trimmings and was hung with a large white wedding bell, under which the bridal party stood while Rev. Stever of Burlington performed the ceremony.

Virginia Hachmeister, sister of the bride, acted as maid of honor and Lester Trieger, brother of the groom, attended as best man.

Mrs. Wm. F. Ziegler of Antioch played the wedding march and during the time the couple were being congratulated Miss Virginia Hachmeister sang "I Love You Truly."

After the ceremony tea was served to the forty guests at tables daintily decorated in the rainbow colors.

Out of town guests were present from Burlington, Wisconsin, Freeport and Chicago. The bride and groom left that evening for a honeymoon trip through Indiana and Kentucky.

The bride is a graduate of the Burlington High School and is well known here, where she has lived with her parents, Mr. and Mrs. O. E. Hachmeister, now of Huntington, Ind., formerly of Antioch, during the summer for the past five years, and at Burlington. The groom is a resident of Antioch. He is the son of Mr. and Mrs. H. A. Trieger of Grass Lake and Antioch and was graduated from the Antioch Township High School, and has been a rural mail carrier for the past eight years.

Mr. and Mrs. Trieger will return about July 20th and will make their home at Grass Lake for the present.

Miss Jennie Potter Guest of the Occasion At Hoopole Function

A family dinner was held at the home of Mr. and Mrs. Ralph Remour Sunday at their home near Hoopole in honor of a sister of Mrs. Remour, Miss Jennie Potter of Antioch, Ill.

It was the first time the sisters had been together in eleven years and of course both enjoyed the meeting.

Miss Potter came by auto from Antioch Sunday morning, leaving at 4 o'clock. Some of her friends drove through and brought her. They returned Monday morning. There were present besides the immediate family Mr. and Mrs. Andrew Dalgard and son, Miss Jennie Potter of Antioch, Mr. and Mrs. John Bengston and family, Fred Warner of Kewanee, Mrs. Rowlands of Sheffield, John Martin of Atkinson, Mr. and Mrs. Leonard Remour and family of Lyndon, Mr. and Mrs. Ira Remour and Mr. and Mrs. Marion Martin and daughter of Eight Mile.

Other friends were called in during the afternoon and everybody enjoyed themselves visiting and recalling old times.—Kewanee Star-Courier.

Confidence and Quiet

Among the common people whom we know it is not necessarily those who are busiest, not those who, meteor-like, are ever on the rush after some visible change and work: it is the lives like the stars, which simply pour down on us the calm light of their bright and faithful being, up to which we look, and out of which we gather the deepest calm and courage.—Phillips Brooks.

Sleet and Hail

Sleet is a drizzling or driving, partly frozen rain, or rain that freezes on the trees or ground. Hail falls usually in connection with thunderstorms. It is frozen rain, falling in pellets or hailstones of varying sizes and shapes.

The First Requisite

The first step in the welfare of a child is to see that the home which constitutes his personal atmosphere is steeped in the spirit of good will toward men.—Henry F. Cope, in "Religious Education in the Family."

Merely Change of Color

Just as western women use powder to whiten their faces, so do the women of one Fiji Island employ black paint to increase their ebony charms.

ROYAL NEIGHBORS TO HOLD SOCIAL

The Royal Neighbors will hold a Penny social at their next meeting, July 12th. Meeting is called for 7:30 daylight saving time.

Former Resident Of Trevor Takes Racine Girl As Bride

Miss Mary Spangler of Wausaukee and Bernard Yopp of Racine were united in marriage at nine o'clock Saturday morning, June 18, at St. Augustine's church during a nuptial high mass, Rev. Louis Shorn performing the ceremony.

The bride entered the church with the groom and was a beautiful picture, attired in a white satin gown with a long veil of tulle arranged with a Spanish head-dress of pearls and orange blossoms. She carried a shower bouquet of Ophelia roses, swansonias and lilies of the valley. Leading the group were the bridesmaid, Miss Evelyn Spangler, sister of the bride, and the groom's attendant, William Jenniches of Racine. Miss Spangler was charming in French blue georgette trimmed with rhinestones, and wearing a silver headband. She carried Columbia roses, larkspur and snapdragons. During the offertory the choir sang "Sancta Maria."

After the ceremony a three course dinner was served at the home of the bride's parents to immediate relatives. Later in the day Mr. and Mrs. Yopp left for a honeymoon trip to Devil's Lake, The Dells, and Madison. They will be at home at 1413 Grand avenue, Racine, after July 15th.

Miss Spangler is the daughter of Mr. and Mrs. Joseph A. Spangler of Wausaukee and for the past three years has been employed as bookkeeper at the Manufacturers' bank at Racine.

Mr. Yopp is the son of Mrs. A. Fredson of Racine, and is employed in the office of the J. I. Case company. He was formerly a resident of Trevor, Wis., where he has many friends.

Out of town guests at the wedding were: Mr. and Mrs. Anthony Fredson, Miss Gretchen Yopp and Wm. Jenniches of Racine; Mr. and Mrs. James Spangler of Kenosha, and Mr. and Mrs. Felix Witlock and family of Iron Mountain, Michigan.

Mrs. Matt Haerms and son of Chicago called on Mr. and Mrs. Wm. Lasco Wednesday.

CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, July 3.

The Golden Text was from Isaiah 43:15, "I am the Lord, your Holy One, the creator of Israel, your King."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "I will love thee, O Lord, my strength, The Lord is my rock, and my fortress, and my deliverer: my God, my strength, in whom I will trust: my buckler, and the horn of my salvation, and my high tower. For who is God save the Lord? or who is a rock save our God? (Isaiah 18:1, 2, 3)."

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the true idea of God; and the body will reflect what governs it, whether it be Truth or error, understanding or belief, Spirit or matter. Therefore acquaint now thyself with Him, and be at peace" (p. 324).

Marriage of Antioch Couple Takes Place at Waukegan, Ill.

The marriage of Miss Ida Jane Gutbrodt and Sam Ries both of Antioch took place at the M. E. church at Waukegan Saturday, June 25th, the Rev. Eleazer Dame officiating. Mr. and Mrs. R. H. Gransam of Kenosha, Miss Gertrude Hehling and Paul Heller attended the bride and groom. Miss Lillian Minkel of Kenosha, a cousin of the bride, played the wedding march.

The bride was attired in a gown of silk spanglax lace over white satin. She wore a bride's veil caught with orange blossoms and carried a shower bouquet of roses and lilies. The matron of honor wore purple with hat to match and the bridesmaid a frock of pink lace with matching hat and bridesmaid's bouquet of sweet peas.

After the ceremony the wedding party motored to Kenosha where the nuptial dinner was served at the Frost restaurant. Twenty relatives and close friends of the bride and groom were present for the wedding and dinner. After the dinner the bride and groom left by auto for a short visit with an uncle of the groom in Chicago.

Miss Gutbrodt has been for some time a resident of Antioch, having come here about five years ago from Germany. She has made her home with the W. R. Williams family since coming here. Mr. Ries is in the truck business in Antioch and has also lived here for a number of years. They will live in his home on Johannott street.

Allendale Memorial Chapel is Scene of Pretty June Wedding

The marriage of Miss Rhoda Louise Prouty of Allendale Farm, Lake Villa, and Charles S. Wiseman of Columbus, Ohio, took place at Allendale Memorial chapel Wednesday afternoon, June 29th. The ceremony was performed by Rev. H. Campbell Dixon of St. Ignatius' church of Antioch in the presence of the students of Allendale and relatives and friends of the bride and groom. Captain E. L. Bradley gave the bride away. The chapel was beautifully decorated for the occasion with summer foliage.

Miss Marguerite Manzer of Lake Villa was maid of honor and Miss Augusta Adams of Lake Villa and Miss Helen Wiseman of Columbus, Ohio, were bridesmaids. Jay C. Conover of Columbus, Ohio, was groomsmen with Wm. Schwenk of Allendale and Emmett Webb of Antioch as ushers. The Allendale choir sang Mendelssohn's Bridal March.

Miss Prouty is well known in Antioch and Lake Villa. She is a graduate of Antioch Township High School and has grown up in the Lake Villa community. Mr. Wiseman is a teacher of athletics in Ohio. They will make their home there.

Synthetic Rubber

During the World war when Germany was cut off from supplies of crude rubber a great effort was made to produce synthetic rubber. Toward the close of the war about 150 tons of synthetic rubber were being produced monthly in Germany from isoprene derivatives, but the product was inferior to natural rubber and really served well only in hard-rubber goods. The industry ceased at the close of the war.

HAPPENINGS IN NEARBY TOWNS

With the completion last week of the piece of road known as the Clinton gap, what is said to be the longest continuous hard road in the world has been completed. The road, highway No. 2, has its northern terminal at South Beloit, Ill., on the Illinois-Wisconsin line and connects with the state road system of Wisconsin at that point. It follows the Rock river to Dixon, and thence by a route practically parallel to the Illinois Central railroad extends to southern line at Cairo. It crosses 21 counties in Illinois and connects with several others to be built under the \$100,000,000 bond issue.

The State Department of Conservation lately ordered the Crystal Lake Lodge on the north shore of Crystal Lake closed and instructed the authorities to issue a warrant for the arrest of William L. Jacobs, of Chicago, president of the Crystal Lake lodge. It was charged that the management of the property was allowing the contamination of the waters of Crystal Lake by the sewage which runs directly from the hotel building.

Work is being rushed on the construction of the \$2,000,000 race track which is being built near Arlington Heights and it is present plans go through the track will be ready for a fall meeting sometime in September. Contracts were let last week for the furnishing of over a half million pounds of steel which will be used in the erection of the grandstand. The contract stipulates the erection of the steel before the first of September.

The Nash Motors Co., hand of Kenosha is to furnish weekly concerts in the city park at Woodstock on the Thursday evenings from July 13th to the first of September.

Several localities in southern Wisconsin and northern Illinois reported promiscuous shooting during the last week. Elkhorn, Hebron, East Troy and Lake Geneva all reported instances.

Over 100 of Woodstock's most enthusiastic baseball fans journeyed in Chicago a week ago last Sunday to honor Geo. Moriarty, Woodstock's representative in the major leagues Moriarty, who is manager of the Detroit Tigers, was presented with a gold watch during the Sox-Tiger game Sunday afternoon.

Mrs. Dorothy McClure of Barrington was seriously injured last Wednesday when a passenger train on the Nickel Plate line bound for Chicago from New York struck a split switch and rolled down an embankment. The wreck is thought to have been deliberately planned and executed by vandals.

The senate last week confirmed the appointment of O. W. Lehmann of Lake Villa as a member of the board of fish and game conservation. Waukegan township is to be re-districted to provide for 23 or 24 voting precincts in place of the 15 now existent. 20 are to be in Waukegan and the balance in North Chicago.

Burlington Boy Scouts are on an extensive vacation tour. The itinerary included the Black Hills of South Dakota where they stopped to greet President Coolidge at the State Game Lodge.

John Roemisch of Blue Island, Illinois, 13 year old son of Dr. and Mrs. Roemisch rode his bicycle the entire distance from Blue Island to Brown's Lake recently to reach his vacation spot. The family appeared to him to be too deliberate in starting for their summer home, so he set out on his bicycle without their knowledge. He was located through radio.

The body of the pen is made of gun cotton and is indestructible. A filling device enables the users to fill it completely with one turn of the filling apparatus, and a patented feeding device makes the pen absolutely non-leakable. The pens retail from \$3.50 to \$7.50.

Confidence is felt in the success of the new enterprise because of the backing of C. K. Anderson. Mr. Anderson has made himself famous as a backer of business ventures and has been universally successful in making anything he has undertaken prosper.

Factory to Meet Local Need The coming of the factory to Antioch is looked upon with satisfaction by residents as it will provide work the year around and help to offset the seasonal character of the summer resort trade.

Stock in the reorganized company the seasonal character of the summer they desire to do so, according to Mr. Anderson, although he stated that the firm anticipated no difficulty in disposing of it. The fact that the pen is the best on the market, is already well known, that thus far production has never been equal to the demand, and that the backing of the new corporation is of the best, all insure the new concern success.

Mr. O. L. Trenary,
College of Commerce,
Kenosha, Wisconsin.

Dear Sir:

I am so fortunate as to have in charge of my office one of your students (Miss Mildred Austin) and it is only due to you, as well as to her, to advise you of her efficiency. I have had a good deal of experience with office help and feel that I am competent to judge and have no hesitancy in saying that she is the best I have ever had. Not only by far the best worker, the most industrious, but best all-round office help.

Whether it comes natural to her or was taught the fact remains that she has all the requirements of a thorough office woman. She is quiet and a perfect lady in every respect. She makes a very good impression on the business men—not merely a pleasant smile but they all say that she can erect them and keep right on with her work I count myself very lucky indeed to have her. If there are any more like her (which I doubt) I will try to make a place for them.

I am particularly glad to give this testimony in view of the fact that I am more or less prejudiced against our business colleges for sending us help recommended as efficient only to find them absolutely useless in an office. I congratulate you on your thorough work in training young people.

Yours very truly,

C. B. CONNER.

Mildred Austin graduated from Brodhead High School June 1925 and from College of Commerce June 1926. She is now 18 years old. This testimonial was entirely unsolicited. O. L. T.
